EDUCATION

applied computer science - AI & Robotics
PXL University of Applied Sciences and Arts

📅 2019 - 2022

IT management
secondary education - Hast
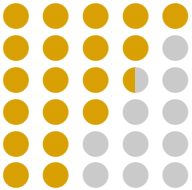

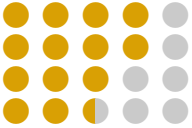

📅 2019

MOST PROUD OF

💻 **AI & Robotics**
With this course there was a project to create a self driving bot. Together with a classmate we where the first ones who got a perfect 20/20 in the 4 years that the the course existed. The code is available on 🔗 Github
